Dear Jeff:

Thank you for your part in giving the members of Ag-Forestry Class XXVI's *Government in Action Seminar* an exemplary experience. We know that this is an especially busy time for you, so we value, all the more, the time you spent with us.

Our goals for this session were to immerse each class member in the dynamics of how leadership in state government and the legislature works for the citizens of Washington State, to encourage interaction and learning through panel discussions, and to familiarize students with the legislative process. You helped us to attain that goal. Your perspective and your insights added immensely to the in-depth understanding gained by members of the class.

Thank you again for participating in this seminar. I appreciate your time and your expertise.

Sincerely,

Bill Wilkerson
Executive Director
